Description

This 2024 Hyundai KONA N Line is a superb example, having had only one owner since new. This electric model boasts a substantial 73 kWh battery, offering an impressive maximum range of 282 miles when fully charged. For convenience, a full charge at home using a 7kW charger takes approximately 8 hours and 53 minutes, while rapid public charging can replenish the battery from empty to 80% in just 46 minutes.

The KONA N Line is equipped with a suite of helpful features designed to enhance your driving experience. These include a rear camera and guidance system, front and rear parking sensors for easier manoeuvring, and automatic headlights that activate with the dusk sensor. You'll also appreciate the convenience of a smart key for keyless entry and starting, along with Bluetooth connectivity that includes voice recognition for hands free calls and media control. These features collectively demonstrate the KONA's advanced technology and user friendly design.

Features

- Alarm/immobiliser
- Remote central locking
- Smart key with keyless entry and start/stop button
